ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION APPROACH

In 2010, the Board of Directors of the Company unanimously approved the adoption of an annual non-binding advisory vote by shareholders on executive compensation commencing with the annual meeting held in May 2010. This gives shareholders a formal opportunity to indicate whether they support the disclosed objectives of the executive compensation plans, and the plans themselves. As a shareholder, you have the opportunity to vote FOR or AGAINST the Company's approach to executive compensation through the following resolution:

Resolved, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors, that the shareholders accept the approach to executive compensation disclosed in the Company's Information Circular delivered in advance of the 2012 annual Meeting of Shareholders.

As this is an advisory vote, the results will not be binding on the Board of Directors. However, the Board will take the results of the vote into account, as appropriate, when considering future compensation policies, procedures and decisions and in determining whether there is a need to increase their engagement with shareholders on compensation and related matters. For information regarding the Company's approach to executive compensation please see "Compensation Discussion and Analysis" commencing on page 19 of this Circular and "Executive Compensation" on page 29 of this Circular. The Board of Directors recommends that the shareholders vote FOR the advisory resolution on the Company's approach to executive compensation.

A: Only holders of common shares may vote at the Meeting. As of March 5, 2012, there were 60,087,598 common shares outstanding. Each shareholder is entitled to one vote for each common share registered in his or her name as of the close of business on March 19, 2012, the record date for the Meeting.

Q: How do I Vote?
A: Registered Shareholders
If you are eligible to vote and your shares are registered in your name, you can vote your shares by proxy or in person at the Meeting.

If you cannot attend the Meeting in person, you may vote by proxy. Voting instructions are included in the accompanying Circular. Non-Registered Beneficial Shareholders
If your shares are held in an account with a trust company, securities broker or other financial institution (an "Intermediary"), you are considered to be a non-registered beneficial shareholder. The Intermediary is the legal entity entitled to vote your common shares for you, in the manner that you direct them. Non-registered beneficial shareholders should not complete the form of proxy being circulated by management. Instead, you should follow the instructions and complete the form that your Intermediary delivered to you with this Circular. This form will provide the necessary instructions to your Intermediary as to how you would like to vote your common shares. If you plan on attending the Meeting in person, you will not be entitled to vote in person unless the proper documentation is completed. You should contact your Intermediary well in advance of the Meeting and follow their instructions if you want to vote in person.

Q: How do I appoint a Proxyholder?
A: The Chair and the President and Chief Executive Officer ("CEO") of Russel Metals are the persons designated in the enclosed form of proxy who will represent management at the Meeting. You may exercise this right by inserting in the space provided in the form of proxy the name of the other person you would like to appoint as nominee. To be valid, proxies for use at the Meeting must be deposited with the Company (at its registered office) or with CIBC Mellon Trust Company no later than 4:30 p.m. (Toronto time) on Tuesday, May 1, 2012 and, in the case of any postponement or adjournment of the Meeting, not less than 48 hours before commencement of the postponed Meeting or recommencement of the adjourned Meeting.

If your proxy form does not specify how to vote on the advisory resolution on the approach to executive compensation and if you have authorized our Chair or our President and CEO to act as your proxyholder, your common shares will be voted FOR the advisory resolution to accept the approach to executive compensation as disclosed in this Circular.

Q: What if there are amendments or other matters brought before the Meeting?
A: The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments to the matters identified in the notice of Meeting or other matters that may properly come before the Meeting. Management is not aware of any such amendments or other matters.

New Nominees

JOHN M. CLARK

Mr. Clark is President of Investment and Technical Management Corp., a firm engaged in corporate finance and merchant banking, since 1999. He was Chief Financial Officer and a Director of Polaris Geothermal Inc. from June 2004 to October 2009. He was President and/or Executive Chairman of Laurasia Resources Limited, a publicly traded oil and gas exploration and development company from 1988 to 1998.

BOARD AND COMMITTEE MEETINGS ATTENDED DURING 2011:

Mr. Clark is a new nominee Director for the Board, and accordingly, has not attended prior Board meetings.

SECURITIES HELD AS AT MARCH 5, 2012:

Mr. Clark is a new nominee Director for the Board and does not own any common shares, DSUs or convertible debentures of the Company at this time.

Mr. Clark is an officer and a Director of APIC Petroleum Corporation (formerly Marketvision Direct Inc.) (“APIC”). On December 5, 2001 the Ontario Securities Commission issued a cease trade order for APIC. This order related to APIC’s failure to file and deliver to its shareholders the annual financial statements for the year ended June 30, 2001 and the first quarter interim financial statement for the period ended September 30, 2001 within the time periods prescribed. The cease trade order was lifted on March 11, 2002, when the outstanding financial statements were filed. On December 7, 2001, the British Columbia Securities Commission issued a cease trade order in connection with the same infraction. This cease trade order was lifted February 1, 2002.
Directors are required to own common shares and DSUs valued at not less than three times their current annual Board retainer within three years of becoming a Director. See "Share Ownership of Non-Executive Directors" commencing on page 18 of this Circular. All Directors standing for reelection are in compliance with this policy requirement as of the date of this Circular.

The common share and the DSU values noted in the above table are based on the closing price of a common share on the Toronto Stock Exchange on March 5, 2012 of $26.97.

For further information on DSUs, see "2011 Non-Executive Director Compensation" commencing on page 16 of this Circular and "Deferred Share Unit Plan" on page 17 of this Circular.

RSUs vest over a period of three years. The number of RSUs reflected in the above table for Mr. Hedges is the aggregate number of RSUs outstanding as at March 5, 2012, including those which have yet to vest. For further information on the RSUs owned by Mr. Hedges, see "Restricted Share Unit Plan" on page 33 of this Circular.

Represents the convertible debentures owned or controlled / directed by the Nominee Director. The value of the convertible debentures noted in the above table is based on the closing price of 100 convertible debentures on the Toronto Stock Exchange on March 5, 2012 of $121.61.

Mr. Hedges currently owns an aggregate of 542,936 unexercised common share options including options issued on February 15, 2012, of which 387,814 are currently vested. For further details regarding the share options owned by Mr. Hedges, see "Outstanding Share Based And Option Based Awards", commencing on page 34 of this Circular.

"Independent" has the meaning prescribed by applicable policies of the Canadian Securities Administrators, which generally provide that a director would not be independent if he or she has a material relationship, which could, in the view of the Board, reasonably be expected to interfere with the exercise by the Director of his or her independent judgment.

In 2011 Davies Ward Phillips & Vineberg LLP earned approximately $531,000 in fees, as the Company's principal legal advisor.

DUPLICATION OF BOARD MEMBERSHIP
During 2011 not one of our Directors sat on the same board of directors of another public company; however, during 2011 Mr. Griffiths and Mr. O’Reilly both sat on the board of directors of Gedex Inc., a company whose shares are not publicly traded.

Upon Mr. Hanna’s election to our Board of Directors on May 3, 2012, we will have a duplication in board membership, as Ms. Lachapelle and Mr. Hanna both sit on the board of directors of INNERGEX Renewable Energy Inc.

MAJORITY VOTING
Our Board has adopted a majority voting policy. This policy provides that any nominee for election as a
Director who has more votes withheld than votes for his or her election at the Meeting must tender his or her resignation to our Chair following the Meeting. This policy applies only to uncontested elections, meaning elections where the number of nominees for Director is equal to the number of Directors to be elected. The NCG Committee and the Board of Directors shall consider the resignation and whether or not it should be accepted. We expect to accept resignations except in situations where extenuating circumstances would warrant the applicable Director continuing to serve as a Board member. In this event, our Board shall disclose its decision, via press release, within 90 days of the applicable annual meeting. If a resignation is accepted, the Board may appoint a new Director to fill any vacancy created by the resignation. A copy of this policy can be found on our website at www.russelmetals.com (see "Investor Relations" and "Corporate Governance").

If a poll is demanded on any vote for election of any Director at the Meeting, and if you have authorized our Chair or our President and CEO to act as your proxyholder, your common shares will be voted in the manner specified in your proxy. In the event that any vacancy occurs in the slate of nominees identified above, proxies in favour of management will be voted for another nominee at the discretion of management unless you specify in your proxy that your common shares be withheld from voting in the election of Directors.

COMMITTEES OF THE BOARD OF DIRECTORS

We are required by applicable securities laws to have an audit committee of the Board (the "Audit Committee"). Other committees of the Board are the Management Resources and Compensation Committee (the "MR&C Committee"), the NCG Committee and the Environmental Management and Health & Safety Committee (the "EMH&S Committee"). The members of the committees are as follows:

(2) J. W. Robinson is not standing for reelection as a Director of the Company at the Meeting.

NUMBER OF BOARD AND COMMITTEE MEETINGS HELD AND ATTENDANCE

Meetings of Independent Directors

Our independent Board members meet without management and non-independent board members at every quarterly meeting. The only meetings at which the Board does not meet without management and non-independent board members are those special meetings held by conference call for specific purposes, such as approval related to acquisition or financing transactions. The Company’s independent Board members met separately at all regularly scheduled quarterly board meetings held during 2011.
The following table summarizes the meetings of the Board and its committees held in 2011.

Attendance at Board and Committee Meetings Held
We believe that an active board governs more effectively. We expect Directors to attend all quarterly meetings of the Board, all regularly scheduled meetings of committees of which they are members and the annual meeting of shareholders. While we recognize that the short notice of special Board meetings may sometimes conflict with the schedules of our Directors, we expect Directors to exercise reasonable efforts to attend all special meetings of the Board. Directors may participate by teleconference if they cannot attend in person. The table below summarizes the number of Board and committee meetings attended by each non-executive Director during 2011. The Directors' attendance records are also included in the Board nominee table commencing on page 8 of this Circular.

(1) As an executive Director of the Company, Mr. Hedges is not a member of any committee of the Board of Directors.

SKILLS AND EXPERIENCE
A Board of Directors with a broad mix of skills is better able to oversee the wide range of issues that arise with a company of our size and complexity. Accordingly, each of the Directors is evaluated on the basis of the mix of experience and qualifications they provide. The NCG Committee uses a skills matrix to assist with reviewing the skill set of current Directors as well as identifying director candidates who best meet the needs of the Company. The matrix outlines the desired complement of skills and areas of expertise considered important which includes, among others, industry experience, financial literacy, CEO/senior officer experience, experience in areas of executive compensation, operational experience, familiarity with the regions in which the Company operates and knowledge of corporate governance. The matrix is also used as a tool in developing programs for continuing Director education.
COMPENSATION OF NON-EXECUTIVE DIRECTORS

Our U.S. Directors are paid the U.S. equivalent of the retainers and fees noted above. We reimburse expenses incurred by our Directors while attending Board and committee meetings. The MR&C Committee reviews the compensation package for our Directors on an annual basis.

2011 Non-Executive Director Compensation
During the financial year ended December 31, 2011, we paid an aggregate of $552,000 in compensation relating to annual retainers, meeting fees and travel fees to our non-executive Directors. Our Directors can choose to receive their annual retainer fees and / or meeting fees in cash, DSUs or a combination thereof. In 2011, we also made quarterly allocations of DSUs with an aggregate value of $240,000 to the DSU accounts of our non-executive Directors. The following table sets out the total compensation paid to our non-executive Directors on an individual basis during the financial year ended December 31, 2011.

No additional compensation is paid to Mr. Hedges, our President and CEO, in consideration for his services as a Director of the Company.
### Deferred Share Unit Plan

We have a Deferred Share Unit Plan ("DSU Plan") for non-executive Directors. A DSU is a unit equivalent in value to one common share based on the market price, which is the average of the daily average of the high and low board lot trading prices of our common shares on the Toronto Stock Exchange for the last five trading days immediately prior to the date on which the value of the DSU is determined ("Market Price"). DSUs are allocated on the last day of March, June, September and December in each year. The number of DSUs credited quarterly to each Director’s account is the amount determined by dividing $7,500 by the Market Price at the allocation date. A Director may elect to receive payment in DSUs, rather than cash, for all or a portion of his or her annual Board retainer, annual chair retainer and / or meeting fees, by providing the required notice to the Company in accordance with the DSU Plan.

DSUs are redeemable only when a Director leaves the Board, thereby providing an ongoing equity stake throughout the Director's service. The DSU Plan provides Directors with flexibility to redeem their DSUs within a prescribed period of time following the date on which they cease to be Directors. A departing Director will receive a cash payment upon redemption which can be no later than December 15 of the first calendar year commencing after the Director's withdrawal date. The value of the cash payment is determined by multiplying the number of DSUs in the Director's account on the redemption date by the Market Price on such redemption date. Applicable income tax and other withholdings are deducted as required by law.

### Deferred Share Units Held

As at March 5, 2012, the non-executive Directors held an aggregate of 84,470 DSUs, which were valued at an aggregate of $2,278,156 as of such date. The number of DSUs held by each non-executive Director and their value as at March 5, 2012 is provided in the following table.

(1) With the exception of the Deferred Share Unit Plan, the Company does not provide compensation by way of options, non-equity incentive plans, pension or other plans to the non-executive Directors.
### SHARE OWNERSHIP OF NON-EXECUTIVE DIRECTORS

Each non-executive Director of Russel Metals is required to beneficially own common shares or deferred share units or a combination thereof valued at three times the annual Board retainer. Based on the current annual retainer of $25,000, each Director (other than the Chair of the Board) must own common shares and deferred share units with a combined value of not less than $75,000. The Chair of the Board, whose annual retainer is $145,000, must own common shares and deferred share units with a combined value of not less than $435,000. For purposes of this policy (i) common shares purchased by a Director are valued at any particular time at the higher of the then current market value and the cost of such shares to the Director; and (ii) DSUs are valued based on the higher of the then current market value of a common share and the market value at the date of grant. Any Director who does not meet this requirement at the date of his or her first election or reelection to the Board of Directors is required to achieve this ownership level within three years from the date of such first election. The following table summarizes the share ownership of the non-executive Directors as at the date hereof and their compliance with the foregoing policy.

DIRECTORS’ AND OFFICERS’ LIABILITY INSURANCE

In December 2011, we renewed, for the benefit of Russel Metals, its subsidiaries and their Directors and Officers and their respective spouses, insurance against liability incurred by the Directors or Officers in their capacity as Directors or Officers of Russel Metals or any subsidiary. The total amount of insurance coverage is $130 million and, subject to the deductible portion referred to below, up to the full-face amount of the policies is payable, regardless of the number of Directors and Officers involved. The annual premium for the policy year to December 1, 2012 was $352,663. The policies do not specify that a part of the premium is paid in respect of either Directors as a group or Officers as a group. The policies provide a coverage limit of $130 million per occurrence and in the aggregate.

Our Directors and Officers are covered to the extent of the face amount of the policies. However, in no event will the policies pay out, in the aggregate, more than $130 million during their annual term. The policies provide for deductibles as follows: (i) with respect to our Directors and Officers, there is no deductible applicable; and (ii) with respect to reimbursement of the Company, there is a deductible of $100,000 per occurrence, except in respect of securities claims, where the deductible is $250,000 per occurrence.

The MR&C Committee reviews and makes recommendations to the Board for the specific compensation arrangements of the CEO, the CFO, the Vice President Operations, Service Centers ("VP Operations, Service Centers"), the Company's overall compensation philosophy and its incentive-based cash compensation plans and equity-based compensation plans. Our executive compensation policies and practices are designed:

(i) to attract, motivate, and retain highly competent management by offering a competitive target level of total compensation;

(ii) to motivate, recognize and reward superior performance by maintaining a high proportion of executive pay at risk and linking it to key performance measures, including earnings per share and share price appreciation and, at the operating level, return on net assets; and

(iii) to foster commitment to the Company and close identification with shareholder interests through the effective and judicious use of earnings-based and equity-based incentives.

Pay for performance is an important underlying principle of Russel Metals' executive compensation philosophy, with the result that, at virtually all levels throughout the Company, variable compensation can represent a substantial proportion of total compensation in a successful year. Our objective is to maintain overall competitive compensation arrangements with key executives while ensuring an appropriate balance between short-term and longer term incentives and also ensuring that the incentive arrangements respond effectively to both positive and negative developments in the financial performance of the Company.

The charts below summarize the short-term, mid-term and long-term incentives of the Company's compensation program.

<sup>(2)</sup> Prior to 2012, the VP Operations, Service Centers’ compensation plan was set by the CEO. INCENTIVE COMPENSATION STRUCTURE OF NAMED EXECUTIVE OFFICERS

CEO, CFO and Vice President Operations, Service Centers

The following tables disclose the reward structure for cash incentives, RSUs and share options for the CEO and the CFO for 2011. The arrangements in effect for Mr. Hedges in 2011 in his capacity as CEO and for Ms. Britton in 2011 in her capacity as CFO were unchanged from those in effect for them in 2010. Also included below are the revised executive incentive structures for 2012 which were determined by the MR&C Committee and approved by the Board following a rigorous compensation review process conducted over the course of 2011. This process involved an in-depth assessment, with advice from outside independent compensation consultants, of the Company’s comparator group and a careful evaluation of the Company’s executive compensation structure and mix of short term and longer term incentives.

As a result of the 2011 compensation review, Mr. Hedges’ annual salary has been increased from $630,000 to $725,000 for 2012; Ms. Britton’s annual salary has been increased from $315,000 to $350,000 for 2012; and Mr. Reid’s annual salary has been increased from $294,000 to $450,000 for 2012, in connection with his increasing responsibilities in his role as VP Operations, Service Centers.

The cash incentive and RSU awards are tied to earnings per share of $1.00 or more. The RSUs and share options however, can result in a much different payout on the exercise or expiry date if the share value changes over the vesting period.

2011 – Incentive Compensation Tables

The following tables summarize the incentive compensation structure for the CEO and the CFO for 2011. The VP Operations, Service Centers’ incentive compensation structure for 2011 was the sum of a plan based on return on net assets on the service center results and a plan based on earnings per share of the Company.

2012 – Incentive Compensation Tables

The following tables summarize the incentive compensation structure approved by the Board for 2012 for the CEO, CFO and VP Operations, Service Centers.
No incentive award will be made in cash or RSUs under this plan unless earnings per share are at least $1.00. Where reported basic earnings per share are above $1.00 and between the other thresholds set out in the above tables, the size of the grant is proportionately increased. A cap on awards has been introduced at $3.00 per share starting in 2012. The previous cap was $4.00 per share. Any additional bonus award for earnings in excess of $3.00 per share is at the complete discretion of the Board.

The annual cash incentive for any year is typically paid in the first quarter of the following year, after the audited financial statements are approved by the Board of Directors. Similarly, the RSUs are awarded annually, in the first quarter of each year, based on the prior year's earnings per share. The grant for 2011 performance will be made on March 10, 2012 based on the Market Price of the common shares (see "Restricted Share Unit Plan", on page 33 of this Circular). One-third of such RSUs will vest on each of the first, second and third anniversaries of the date of grant.

The dollar values of option grants made to Mr. Hedges and Ms. Britton for 2011 were determined based on the 2011 incentive compensation tables above. The number of share options granted in each case was determined based on the dollar value specified for Mr. Hedges and Ms. Britton divided by the Black-Scholes value per option based on the closing price of a common share on the Toronto Stock Exchange on the business day prior to grant. These amounts were recommended by the MR&C Committee and approved by the Board.

The Company's incentive plans require Mr. Hedges and Ms. Britton to reimburse any overpaid incentives if the Company’s results are later restated due to an error in reporting.

Other Named Executive Officers
Ms. Kelly, our Vice President, Information Systems earned an annual salary of $252,935 in 2011. Mr. Halcrow, our Vice President, Purchasing and Inventory Management earned an annual salary of $145,699 in 2011. Ms. Kelly and Mr. Halcrow participate in an annual cash incentive plan based on reported basic earnings per share, to a maximum amount determined annually during the first quarter of the respective year. For 2011, the maximum net income for determining bonus awards for participants in this plan was set at $225 million, which equates to $3.75 per share. Actual basic earnings per share for 2011 was $1.97.
Based on basic earnings per share achieved and a pre-determined factor at various levels, a pool of funds is divided among all head office employees, other than the CEO and the CFO. The percentage participation of each person in the plan, including Ms. Kelly and Mr. Halcrow is determined on an annual basis by the CEO and the CFO based on a variety of relevant factors, including level of responsibility and past performance.

Compensation Comparator Group
The MR&C Committee uses various information sources, including independent consultants, to monitor the competitive position of Russel Metals' salaries, cash incentives and share based incentives, and to assess the effectiveness of Russel Metals' incentive plans in contributing to corporate performance. The MR&C Committee uses comparative data to ensure the ability of Russel Metals to attract, retain and motivate key executives. The comparator group includes large publicly held industrial companies in Canada and the United States and other companies operating in the metals industry in North America, in each case with annual revenues roughly in the range of 50% to 200% of the annual revenues of the Company. Due to a limited number of Canadian companies operating in the metals industry, we include in our comparator group select public Canadian companies operating in industrial manufacturing, distribution, construction and resource businesses with annual revenues within that same target range.

Our executive compensation policies provide for total direct compensation levels which, at target earnings levels, are intended to be competitive with similar positions in the comparator group. Individual levels, which are reviewed annually, may vary from this objective, depending upon the particular experience and other qualifications of the individual, sustained performance level, length of service and other relevant factors. We use comparator group information as a general guide to assist in reviewing compensation levels and establishing compensation arrangements appropriate to our circumstances. We do not set compensation by using specific benchmarks relative to the comparator group or any particular company in the comparator group.

In 2010, the MR&C Committee reviewed its approach regarding the selection process used when determining the companies to be included in the 2011 executive compensation comparator group. Based upon this review, the companies included in our executive compensation comparator group are listed below.

**Canada**
- Aecon Group Inc.

Succession Planning
On an annual basis, the Board of Directors, through its MR&C Committee, reviews succession plans for the position of CEO and establishes and oversees processes for evaluating the performance of the CEO. The MR&C Committee reviews with the CEO the succession plans for senior management and the CEO’s assessment of their performance. The Board of Directors approves the appointment of the CFO and all other corporate officers.
PERFORMANCE GRAPH

The following graph shows a comparison over the five year period ended December 31, 2011 of the value of $100.00 originally invested in common shares of Russel Metals and the S&P/TSX Composite Index and in each case assuming reinvestment of cash dividends paid.

As the above graph indicates, the Company's total return to shareholders has outperformed the S&P/TSX Composite Index over the five years ended December 31, 2011. At December 31, 2011 the total return for the Company’s shareholders since December 31, 2006 was approximately 26%.

Actual basic earnings per share for 2011 was $1.97 compared to earnings of $0.96 per share reported under IFRS for 2010 ($1.17 under previous Canadian generally accepted accounting principles), an increase of 105%. The aggregate annual dollar value of total compensation awarded to the Named Executive Officers increased by 93% for 2011 compared to 2010. Our corporate incentive plans are earnings per share based and thus track changes in earnings. The final reward for RSUs and options will be dependent on share performance. Shareholder return for the three years ended December 31, 2011 was 54% while total compensation awarded to the Named Executive Officers increased 172%. The increase in total compensation to the Named Executive Officers is due in large part to the fact that (a) no bonus incentives were awarded to the Named Executive Officers in 2009 because the Company reported a net loss in that year; and (b) the Named Executive Officers accepted a 10% cut in pay during 2009 related to cost containment measures implemented by the Company at that time.

In doing so, the MR&C Committee is responsible for (i) reviewing and making recommendations to the Board (without the participation of the CEO) concerning compensation for the CEO; (ii) reviewing and making recommendations to the Board concerning compensation of other executive officers and Directors, incentive-based plans and equity-based plans; (iii) approving and monitoring share ownership policies; (iv) reviewing and considering the implications of risks on the Company’s compensation policies and practices; and (v) reviewing compensation disclosure in public documents, including the Compensation Discussion and Analysis, for inclusion in this Circular in accordance with applicable rules and regulations.

Policies and Practices – Used to Determine Executive and Board Compensation  
Our compensation policies and practices for our executive officers have been described under Compensation Philosophy, commencing on page 20 of this Circular. The MR&C Committee determines Director compensation with reference to board compensation of comparably sized Canadian companies. See "Compensation of Non-Executive Directors" commencing on page 16 of this Circular.

Authority of the Management Resources & Compensation Committee  
The MR&C Committee has the sole authority to retain and terminate any firm engaged to assist in the evaluation of Director, CEO or senior executive compensation and to retain outside counsel and any other advisors as the MR&C Committee may deem appropriate in its sole direction. Executive Compensation Consultant
The MR&C Committee receives periodic information and advice from Hugessen Consulting Inc. ("Hugessen"), an independent executive compensation consultant. Hugessen was first retained by the MR&C Committee in 2007.

The following table summarizes the executive compensation consulting and other fees charged by Hugessen for their services during each of the 2011 and 2010 fiscal years:

Executive Compensation – Related Fees
The fees charged by Hugessen in 2011 for executive compensation consulting related to the review of the executive compensation structure for the CEO, CFO and VP Operations, Service Centers. This included a review of cash incentives, share-based incentives and EPS targets comprising the performance framework for their incentive plans. Hugessen assisted the MR&C Committee in developing its recommendations in respect of 2012 compensation design decisions, which included reaffirming aspects of the existing design, and making changes to others. The MR&C Committee considers the information provided by Hugessen, among other factors, when making recommendations to the Board for approval. The Board is ultimately responsible for compensation decisions.

All Other Fees
Hugessen is prohibited from doing any other work for the Company or any of its affiliates without the prior express authorization of the Chair of the MR&C Committee. In the fiscal years of 2011 and 2010 no additional services were undertaken by Hugessen.
RISKS RELATED TO COMPENSATION POLICIES & PRACTICES

The Company has had a pay for performance philosophy for a number of years. The compensation plans have evolved and are regularly reviewed to determine whether they reward participants for the desired outcome. In connection with its most recent review, the MR&C Committee undertook an assessment of how risk management is incorporated into the Company’s incentive design. Based on this review, the Company believes that there are appropriate safeguards in place which protect against risks that could have materially adverse consequences for the Company. Set out below are some of the components of the Company’s compensation policy and a description of how these components serve to safeguard against the taking of undue risk.

<table>
<thead>
<tr>
<th>Key Component</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Profit Driven</td>
<td>Variable compensation plans are either earnings per share based or return on net assets based. This design considers both earnings and capital requirements. As we are a working capital intense company, profit sharing needs to consider cost of capital.</td>
</tr>
<tr>
<td>Plans are formula driven from financial statement results</td>
<td>Incentive plans have a formula, which can be reviewed and determined based on actual results.</td>
</tr>
<tr>
<td>Plans have thresholds and maximum payout limits, subject to discretionary rewards above or below</td>
<td>The compensation plans in place for the executive officers have thresholds and caps. The imposition of caps ensures that management is not incentivized to take undue risks.</td>
</tr>
<tr>
<td>Clawback policies that require reimbursement of overpaid incentives</td>
<td>The CEO and CFO are subject to clawback provisions if the Company’s results are later restated due to an error in reporting.</td>
</tr>
<tr>
<td>Mix of short and longer term incentives</td>
<td>The CEO, CFO and, effective with the 2012 year, the VP Operations, Service Centers, receive a significant portion of their variable compensation in RSUs, which are subject to movement in the stock price of the Company for three years following the year they are granted.</td>
</tr>
<tr>
<td>Share ownership requirements help align executive officer interests with those of the shareholders</td>
<td>The CEO is required to own a combination of common shares and RSUs three times his base salary and the CFO is required to own a combination of common shares and RSUs one times her base salary.</td>
</tr>
<tr>
<td>Role of MR&amp;C Committee and the Board of Directors in Risk Assessment</td>
<td>The MR&amp;C Committee, which is composed exclusively of independent Directors, reviews and evaluates the appropriateness of performance objectives and their alignment with compensation. The MR&amp;C Committee receives annually a report on the 50 top paid executives and employees. The Board of Directors gives final approval for executive compensation. Cross committee communication is achieved, in part, by cross committee membership. The MR&amp;C Committee also reports regularly to the full Board of Directors.</td>
</tr>
</tbody>
</table>

Management and the Board of Directors have developed and implemented a number of polices, which mitigate risk taking by executive officers of the Company. These policies require Board approval of: (i) capital expenditures in excess of $1 million; (ii) all changes to banking and debt agreements; (iii) all acquisitions; (iv) all derivatives other than back to back foreign exchange hedges on inventory purchases; and (v) the Company’s investment policy (required to be approved by the Board of Directors on an annual basis).

Discussions on risk management are held and approved at the Board level. The charter for the MR&C Committee has recently been amended to clarify that the MR&C Committee is mandated to review the risks associated with the Company’s compensation policies and practices.

SHARE OWNERSHIP REQUIREMENT FOR THE CEO AND CFO

We have adopted a policy for our CEO which requires him to beneficially own in aggregate common shares and RSUs valued at not less than three times his annual salary within three years of appointment. We have also adopted a policy for our CFO which requires her to beneficially own in aggregate common shares and RSUs valued at not less than one times her annual salary within five years of appointment. The purpose of these policy requirements is to more closely align senior management's interests with those of the Company’s shareholders. For purposes of these policies, common shares are valued at the higher of cost to the executive and the market value thereof, and RSUs are valued at the higher of the market price thereof and the market price at the time of grant (see "Restricted Share Unit Plan" on page 33 of this Circular).

The table below shows the number and value of shares and RSUs owned, as of March 5, 2012, by Mr. Hedges, our President and CEO and Ms. Britton, our Vice President and CFO.

SHARE BASED PLANS

The Company has the following share based compensation plans: Employee Share Purchase Plan, Share Option Plan, Restricted Share Unit Plan and a DSU Plan. These plans (other than the DSU Plan for non-executive Directors, which is described on page 17 of this Circular) are discussed below.

EMPLOYEE SHARE PURCHASE PLAN

We have an Employee Share Purchase Plan (the "Value Sharing Plan") to provide our employees with the opportunity to purchase common shares, further aligning participants with the interests of shareholders and allowing them to share in the financial success to which they contribute. New employees may join the Value Sharing Plan on the first day of the month following the completion of three months of employment. Employees may make contributions to the Value Sharing Plan through payroll deductions. For employee contributions up to 5% of their base pay, we contribute an amount equal to one third of the employees’ contributions.

All contributions to the Value Sharing Plan are used to purchase common shares in the market at current market prices. Contributions made by us vest immediately. Employees may withdraw all of the contributions made in their name (including our contributions) at any time. If an employee withdraws our portion of the contribution made in his or her name, he or she may not participate in the Value Sharing Plan for six months.

The Value Sharing Plan is available to the majority of our employees in Canada and the United States. The Value Sharing Plan is administered by Sun Life Financial for Canadian employees and by Solium Capital for U.S. employees. These institutions independently administer the Value Sharing Plan.
SHARE OPTION PLAN

We have established a share option plan for our employees and officers. The stated purpose of the plan is to provide officers and full time employees of the Company and its subsidiaries, opportunities that will encourage share ownership and enhance the Company's ability to attract, retain and motivate key personnel and reward significant performance achievements. Approximately 3% of our employees, not including the Named Executive Officers, currently hold options. During 2011, an aggregate of 129,977 options were granted to the Named Executive Officers and 177,150 options were granted to other employees. On February 15, 2012 an aggregate of 143,439 options were granted to the Named Executive Officers and 238,750 options were granted to other employees, as approved by the Board of Directors.

The Plan has a fixed number of shares issuable thereunder. The aggregate number of shares reserved for issuance, is set at a maximum of 4,498,909 common shares. At December 31, 2011, there were 1,547,445 common shares available for grant under the Plan. On February 15, 2012, 382,189 of these share options were granted.

Options vest in accordance with terms determined by the Board. Options granted on February 15, 2012 and future grants begin vesting on their first anniversary of the date of grant at a rate of 25% per year for four years. Options granted prior to May 2011, when we revised our vesting provisions, were immediately exercisable as to 20% and exercisable as to an additional 20% following each of the first, second, third and fourth anniversaries of the date of grant. The options granted are not transferable and have a maximum term of ten years.

The exercise price of an option is not less than the market price on the date of the grant, which is the closing price of a common share on the Toronto Stock Exchange for the business day immediately preceding the grant date. The customary practice of the Board in issuing options is to issue them with an exercise price equal to the higher of the market price on the date of the grant and the closing price on such exchange on the second business day following the grant date.

On termination of employment, unvested options are forfeited and vested options may be exercised within 30 days following the date of termination subject to an extension provided under the plan if the period falls within a blackout period. The Board of Directors at its discretion can extend such period to not later than the earlier of original expiry date of the options and the fourth anniversary of termination of employment in certain situations including retirement of an employee. Upon death of an eligible person, the deceased participant's legal personal representative may exercise all options that vest in accordance with the terms of the Plan for a period of 18 months following death.

The Plan provides that (a) the number of common shares reserved for issuance pursuant to options granted under the Plan or otherwise granted under all other share compensation arrangements to insiders (as defined in the Plan) may not exceed 10% of the issued and outstanding common shares of the Company, and (b) the issuance of common shares to insiders under the Plan and under all share compensation arrangements within a one year period may not exceed 10% of the issued and outstanding common shares of the Company.

The Board of Directors may amend the plan from time to time. Prior shareholder approval is required for certain material amendments to the plan, including to increase the number of common shares issuable under the plan, to reduce the option price or extend the exercise period of an option, to cancel and reissue any option or to modify the persons that are eligible to participate under the plan.

Shareholder approval is not required for amendments of an administrative nature, amendments to ensure compliance with applicable laws or other regulatory requirements, amendments to add a cashless exercise feature to the plan or amendments to change the vesting or termination provisions of the plan or any option (provided it does not entail an extension beyond the originally scheduled expiry date for the given options other than in the case of a "trading blackout"). The Board of Directors may also suspend, discontinue or terminate the plan at any time.
Option Grants – Decision Making Process
The Board of Directors approves the list of eligible employees and officers to whom share options are granted and the respective numbers of options granted. The MR&C Committee makes recommendations to the Board as to the number of options to be granted to each eligible employee or officer. In formulating its recommendations, the MR&C Committee takes into consideration the recommendations of the CEO concerning employees other than the CEO, CFO and VP Operations, Service Centers whose options are based on the values disclosed in the compensation tables commencing on page 22 of this Circular. The MR&C Committee also takes previous incentive awards into account when considering new awards. Only officers and bona-fide full-time employees of the Company or a subsidiary are eligible to participate. An employee’s level of responsibility and performance are the measurements considered by the CEO and the MR&C Committee when recommending grants.

RESTRICTED SHARE UNIT PLAN

On May 12, 2008, the Board adopted a plan providing for the issue of restricted share units (the "RSU Plan"), the purpose of which was to replace a portion of the previously existing short term cash incentive and a portion of the long term options and to provide medium term incentive compensation to participants for their continued efforts in promoting the growth and success of the business of the Company and assisting the Company in attracting and retaining senior management personnel.

The Board has authority, in its sole discretion, to determine the eligible full time employees to whom RSUs may be granted and the number of RSUs to be granted to any participant. RSUs are awarded annually, in the first quarter of each year based on the prior year’s earnings per share.

Under the RSU Plan, the expiry date for any RSU shall be the third anniversary of the grant date and RSUs shall vest as to one-third on each of the first, second and third anniversaries of the grant date. At the time of the grant the Board has the authority to change both the grant date and the vesting period. If a participant ceases to be an employee for reasons other than death or retirement at or after normal retirement age (i) RSUs that are then vested will be paid within 15 days following the date the participant ceased to be an employee and in any event no later than December 31 of the year the participant ceased to be an employee; and (ii) RSUs that are not then vested shall terminate and be forfeited. On the death of a participant or on the retirement of a participant at or after normal retirement age, any unvested RSUs will vest immediately and will be paid within 15 days following the date of death or retirement but no later than December 31 of the year of death or retirement.

Participants in the RSU Plan are credited with additional RSUs on each dividend payment date in respect of common shares, in an amount that corresponds to the amount of the dividend, based on the number of RSUs recorded in the participant's account on the record date for the payment of the dividend and the Market Price of the common shares on such dividend payment date.

On the expiry date of a vested RSU, the Company is obligated to pay to the participant cash in an amount equal to the Market Price of a common share at such expiry date. Market Price for purposes of the RSU Plan is equal to the average of the high and low board lot trading prices of the common shares on the Toronto Stock Exchange for the last five trading days immediately preceding the date in question.

**PENSION PLAN BENEFITS**

Russel Metals provides retirement benefits in various forms, including defined benefit plans, defined contribution plans and registered retirement savings plan contributions.

**DEFINED BENEFITS PLANS**

Mr. Hedges and Ms. Britton participate in a final average earnings plan, which plan includes other members of senior management of the Company. Due to their respective salary levels this plan provides the maximum benefit allowable, which in 2011 was $2,552 per year of service under the *Income Tax Act*. The normal form of benefit for a member without a spouse at retirement is a pension payable for life and guaranteed for 120 months. For a member with a spouse at retirement, the normal form is a pension payable for life, reducing on the member’s death to 60% and payable thereafter to the surviving spouse. There is an offset for Canada Pension Plan benefits.

Mr. Hedges also participates in a defined benefit individual supplementary retirement plan, which entitles him to a maximum annual pension at age 65 which, together with all other pension benefits (Canada Pension Plan benefits and amounts payable under the Company’s defined benefit plan referred to above), equals the product obtained by multiplying 3% by the number of years of service to a maximum of 60% of his average salary for the 36 consecutive month period during which Mr. Hedges experienced his highest
salary including periods of permanent disability. The maximum annual payment from the supplementary plan will not exceed $320,000. If Mr. Hedges ceases to be employed prior to age 65 and he elects to accelerate the payment of his supplementary pension, the annual amount he will be entitled to will be reduced by one-half of 1% for each calendar month prior to the month in which he would be 65 years of age, calculated after the deduction of other pension benefits. On the death of Mr. Hedges following retirement, his surviving spouse would become entitled to a pension of up to two-thirds of his supplementary pension. If there is no surviving spouse, a lump sum is payable to a named beneficiary in the amount of 60 times the supplemental monthly pension benefit, less any amount paid to Mr. Hedges from the supplementary retirement plan. The supplementary plan also provides that in the event of termination of Mr. Hedges’ employment without just cause following a change of control for the purpose of determining his benefits under the plan, Mr. Hedges will be deemed to have 20 years credited service.

We have agreed to make payments to fund an individual trust representing the portion of the Company’s obligations under the supplementary retirement plan arising in respect of Mr. Hedges’ service after December 31, 2002. Obligations related to the period prior to December 31, 2002 are unfunded.

The following table summarizes prescribed information regarding the benefits payable to Mr. Hedges and Ms. Britton under the defined benefit plans referred to above. No other Named Executive Officer participates in a defined benefit plan.

(1) Compensatory change represents the service cost for 2011 and any difference between estimated and actual earnings.
(2) Non-compensatory change includes interest on beginning of year obligations, experience gains and losses and change in actuarial assumptions.

Amounts shown in the table have been determined using the same actuarial assumptions as those used to determine the year-end pension plan valuations disclosed in note 13 of the 2011 consolidated financial statements.

**DEFINED CONTRIBUTION PLANS**

Ms. Britton participates in a defined contribution individual supplementary retirement plan. The following table sets out prescribed information concerning the accrued values of this plan and compensatory payments under this plan for 2011.

(1) Compensatory value represents the Company’s aggregate contributions made during the year.

This plan provides for an annual contribution to a trust of an amount equal to 36.6% of Ms. Britton's salary for service on and after January 1, 2007. The plan is intended to provide for maximum annual payments commencing at age 65 in an amount which, together with all other pension benefits (Canada Pension Plan benefits and amounts payable under the Company's defined benefit plan), would total 60% of her average salary for the 36 consecutive month period during which Ms. Britton experienced her highest salary,
provided that the maximum annual payment on account of the supplemental pension will not exceed $130,000. If Ms. Britton retires prior to age 65 and elects to accelerate the payment of her supplementary pension, the maximum annual amount of the payment from the trust will be reduced by one-half of 1% for each calendar month prior to the month in which she would turn 65 years of age. On the death of Ms. Britton following retirement, her surviving spouse would be entitled to an annual payment not exceeding two-thirds of the annual payment Ms. Britton would be entitled to under the supplemental plan. The funding of the supplemental payments will be limited to the contributions of the Company to the trust and the earnings of the trust, net of any losses of the trust. Assets of the trust available for the funding of supplementary payments include amounts in the refundable tax accounts of the trust.

401K PLAN AND REGISTERED RETIREMENT SAVINGS PLANS

Mr. Reid participates in a 401K defined contribution plan covering our U.S. employees. We make contributions based on a percentage of Mr. Reid’s compensation and his personal contributions up to a maximum each year. The maximum contribution of 2011 was US$9,200 (Cdn$9,102). All contributions vest immediately. Ms. Kelly and Mr. Halcrow have amounts contributed to their registered retirement savings plans. A contribution of $6,346 was made on behalf of Ms. Kelly and a contribution of $10,000 was made on behalf of Mr. Halcrow during 2011.

CHANGE OF CONTROL AND OTHER AGREEMENTS

The Company does not have a written employment agreement with any Named Executive Officer other than the change of control employment agreements with each of Mr. Hedges and Ms. Britton described below.

CHANGE OF CONTROL EMPLOYMENT AGREEMENTS

We have entered into change of control employment agreements with Mr. Hedges and Ms. Britton providing for their continued employment for two years following a change of control and for severance payments in certain circumstances in the event of the termination of their employment within such period. Such circumstances include termination of employment by Russel Metals (other than for just cause, disability or retirement) or termination of employment by the executive officer for good reason.

A "change of control" includes the acquisition of effective control by a person or group of persons acting in concert or a determination by the Directors that a change of control has occurred or is about to occur. For such purpose, any person or group holding securities which entitle such holder or holders to cast more than 25% of the votes attaching to all shares in the capital of the Company, which may be cast to elect Directors, shall be deemed to be in a position to exercise effective control. A change of control will also have occurred if incumbent Directors cease to constitute a majority of the Board of Directors. For this purpose an incumbent Director is any member of the Board of Directors of the Company who was a Director immediately prior to the event which gave rise to the change of control, and any successor to an incumbent Director who was recommended or elected or appointed to succeed an incumbent Director by the affirmative vote of a majority of the incumbent Directors. Upon termination in the foregoing circumstances, the executive officer is entitled to receive a lump sum payment of two times his or her current salary, including one-half of the amounts paid or payable pursuant to any profit sharing, cash incentive or bonus program during the last 24 months. The executive officer is also entitled to receive an amount on account of the value of all options or other rights to acquire common shares held by the executive officer or to which he or she would have been entitled, an amount on account of pension benefits to which the executive officer would have been entitled and certain other benefits.

In addition, upon termination in the foregoing circumstances, if the executive officer holds options for the purchase of common shares in the Company ("Unexercised Rights"), all Unexercised Rights so held that were not exercisable at the date of termination, shall be accelerated so that such Unexercised Rights...
become immediately exercisable and all Unexercised Rights shall remain exercisable for 180 days following the date of termination. Similarly, RSUs become fully vested and are cashed out.

The following table sets out the payments to which each of the CEO and the CFO would have been entitled had they been terminated on December 31, 2011 within two years of a change of control of the Company:

| **Conflict of Interest** | We have no contracts or other arrangements in place in which any of our Directors or officers has a material interest and we do not anticipate entering into any such arrangement.
