ITEM 3: PRESS RELEASE

The attached press release describing the material change was released by Canadian Corporate News on March 1, 2000 and was filed with SEDAR by the Corporation.

ITEM 4: SUMMARY OF MATERIAL CHANGE

The Corporation intends to offer to purchase up to 8 million of its common shares for an amount not to exceed Cdn. $30 million by way of a Substantial Issuer Bid.

ITEM 5: FULL DESCRIPTION OF MATERIAL CHANGE

The Corporation announced today that it intends to offer to purchase up to 8 million of its common shares for an amount not to exceed Cdn. $30 million by way of a Substantial Issuer Bid. This represents approximately 17% of the Corporation’s total outstanding common shares and approximately 27% of the public float for common shares.

The Corporation will be making an offer to all common shareholders to acquire common shares at a price per share in a range of Cdn. $3.75 to Cdn. $4.25 per common share through a Substantial Issuer Bid procedure known as a Dutch Auction. The Dutch Auction procedure permits shareholders to tender all or any portion of their common shares to the
Corporation at any price within the range and allows the Corporation to determine the lowest price within the range at which it can acquire up to 8 million common shares for an amount not to exceed Cdn. $30 million, taking into account the number of shares deposited, the prices specified by the shareholders and the limit on the amount to be spent. The same price will be paid to all shareholders who properly deposit shares in accordance with the terms and conditions of the offer and whose shares are taken up pursuant to the bid.

The offer, which is subject to regulatory approval, expires at 12:00 midnight, Toronto Time, on March 27, 2000, unless extended by the Corporation. Full particulars of the offer, including conditions of the offer and procedures for the tendering of shares, will be contained in an Issuer Bid Circular which will be mailed to shareholders on March 6, 2000.

The Corporation intends to finance the share purchase with funds received from the sale of its remaining interest in Cashway Building Centers Ltd. and cash on hand.

In making this offer, the Corporation continues to believe that its common shares have been trading in price ranges which do not fully reflect their value and that this share repurchase represents an effective use of the Corporation’s financial resources and is in the best interests of its shareholders.

The Corporation’s offer to purchase 8 million common shares follows the announcement on February 22, 2000 of its intention to purchase up to 2.9 million common shares through a Normal Course Issuer Bid. The Corporation will not be acquiring any shares pursuant to the current Normal Course Issuer Bid until after the expiration of this offer.

The Corporation currently has 47,489,547 common shares outstanding.
